Thank you for your interest in a position at Eben Ezer Lutheran Care Center.

People who join our team are part of a legacy of over 100 years of caring, commitment, and high quality services for old persons and others with special needs. Our founding members were few, but dedicated, living in rustic conditions in order to provide care for those suffering with tuberculosis. The work was hard-they were not only taking care of patients, they were running a dairy and farming operation that provided food for all who lived on Eben Ezer land. Everyone here at Eben Ezer is committed to continuing this legacy now and into the future.

It is because of this commitment that all who are a part of Eben Ezer have developed a set of values that our 225+ employees strive to uphold when caring for almost 200 residents in our skilled nursing and assisted living facilities, as well as over 300 people living in their own homes. Although there have been many changes throughout the years, one thing remains the same. It takes dedication and a sense of responsibility toward those who have chosen to make Eben Ezer their home as well as for those who choose to enlist help in their homes.

If you are selected for a position at Eben Ezer, and you agree to take that position, you will be embarking on a journey of caring for those we serve and providing them with the best care possible and because of your commitment to our values, you can make a difference in the lives of many.

Our facility is unique in that we have several employees who have worked at Eben Ezer for decades. You may even see two generations from one family here! We hope to share with you the loyalty and commitment to excellence that we strive to achieve if you choose to join the Eben Ezer family.

Barbara Bradshaw, CEO
